NATURAL RUSH

Natural Rush is the honey that appeals to those with a taste for the delicate. It sweetens gently, without overpowering the flavor of sensitive teas and foods. **Natural Rush** is never whipped or cooked or mixed in any way. The white color, the rich "frothy" texture, the mellow flavor. All this is the work of nature. In fact we do nothing to it in the process or packaging other than warm it to a temperature no greater than it

would reach on a normal summer day in the wild. And that's because we believe **Natural Rush Honey** simply couldn't get any better than mother nature made it. Available in the U.S.A. since 1978. **Natural Rush** has grown to become one of the best selling specialty honeys on the West Coast. Still we've managed to stay a small family owned company that remains committed to the ideals on which the Natural Foods Industry was founded.
